

The Heart and Stroke Foundation Fundraiser is postponed to Friday, August 21st

Cantley, PQ – Friday July 3, 2009 – Martin Bélanger – We are starting to believe that Mother Nature is against fundraiser nights, after postponing the Canadian Cancer Society at the end of May it is now the turn of the Heart and Stroke Foundation to get her night postponed to Friday, August 21 because of bad weather conditions in the last few days and also wet weather prevision throughout the day.

The second edition of the Simone 50, a 50-lap Modified Syracuse Qualifier will be postponed to Friday, August 21 along with the 35-lap Street Stock Challenge. The Heart and Stroke Foundation will also be rescheduled for that night.

The action will be back at the track next Friday with a complete race program along with the 3rd race of the Fondations BRL Modified series and the Toitures Marcel Raymond Semi-Pro Series with a 25-lap feature race. The North American 4-cylinder series will be back with a 15-lap finale. The speedway will also have his new promotional T-Shirt for sale starting next Friday. The races will start at 7:30pm, general admission will cost 12\$ for adults, 8\$ for students and seniors and kids 12 and under will get in for free. Pit admission will be 20\$, be there!
