

Edelweiss Speedway cancels his September 5th program

Cantley, PQ – Martin Bélanger – Friday September 5, 2008 – Edelweiss Speedway had a 100-lap feature race counting for the MrDIRTcar Pro-Stock series. The biggest names were already at the track when the promoter was forced to cancel the race because of bad weather.

It was a good call because the rain came down strongly on the speedway at around 7:30pm and this downpour would have cancelled the show. Following the cancellation, a meeting was held with the pro-stock drivers to look at the options of postponing the series to next Friday, September 12.

A decision will be taken during the weekend and will make an announcement if we will have an event next Friday night.

Do not miss next Saturday, September 13; it will be the annual enduro with 100 laps for the 8 cylinders and 50 laps for the 4 and 6 cylinders. The first race will start at 2pm. General admission cost is only 10\$.
